Senate Orders Impeachment Trial Of El Pasoite

REGISTERED MAIL IS SEIZED BY MEN NEAR BANK

HARVEY, Ill., March 23.—Four bandits seized the registered mail sacks containing \$150,000 from the clerk unloading them in front of a bank, and escaped. The money was being shipped from the Federal Reserve Bank of Chicago, to the First National Bank of Harvey.

Roman Catholic Head Concerned Over Palestine

ROME, March 25.—American Catholics may be called upon for financial contributions to aid the campaign of the church to preserve the Holy places, the Agenzia Libera, said today.

The new American cardinals, Hayes and Mundelein, have had several long interviews with the Pope, regarding Palestine and the Holy places, the agency says, adding that it is known that His Holiness is "gravely anxious over this problem."

The Pope has suggested that the Catholics in the United States assist in saving Catholicism in Palestine where the Musselman and Protestants are in an enormous majority.

Financial support from the United States has been promised by American cardinals who also promised to encourage pilgrimages to Jerusalem and colonization of Palestine by the Catholics.

7-A Literary Club Gives Tree Program

The 7-A Literary Club met on March the 21st at McKinney Street School. A program on Trees was given.

1. Roll call answered by quotations about trees.
2. Sayings about trees: Bower Crider, Edward Hamm, Donald Cox, Jack Pugh, Wayne Laird.
3. Historical trees: Charter Oak—Louise Maddox, Liberty Elm—Elaine Westmorland, Washington Elm—Odell Matthews, Burroughs Elm—Myrtle Owens, Treaty Elm—Madie Mae Thornton, Tree at Napoleon's Grave—Corine Stevens.

The Cary Tree—Trudie Mackey.

Hamilton Trees—Bennie Harlow—Reporter.

DALLAS, Texas, March 25.—Three youths ranging from 11 to 20 years old confessed to local police they stole six automobiles. They said they stripped the machines and sold the accessories and tires to a "fence" in Dallas.

AUSTIN, Texas, March 25.—Supreme court justices are expected to render a decision soon on the validity of the new state highway law. The barristers are studying records of the Hamilton and Limestone county cases received from the Waco Court of Civil Appeals. Their ruling will be based on these studies.

AUSTIN, Texas, March 25.—State officials may declare a quarantine in certain communities afflicted with small pox epidemics, State Health Officer Malone Duggan has warned. Duggan said local and county officials were neglecting to take sufficient precautions against spread of the disease in certain communities.

W. T. Ede of the Grolier Society left for Dallas Monday following several days spent in this city.

LONGHORNS PLAY TO BIG CROWD AT OPERA HOUSE

Playing to a crowd of 700 people who filled to capacity the Opera House here Monday night, the Longhorn band from the University of Texas, appearing under the auspices of the Parent-Teachers Association of the Sumpter Street School, presented its fifth annual program which was generously applauded by a pleased audience.

Scores were turned away who applied for admission when the Fire Chief, Mr. Pittman, stated that the house was filled and that it would be dangerous to allow more to enter. The Parent-Teachers Association, represented at the door by Mrs. Georgia Bergeron and Mrs. Sam Cox refunded the price of admission to all who applied for it, who had bought tickets and who could not get in. This incident led to a general comment that Mexia needs the War Memorial and City Auditorium as suggested by the Nowlin Post of the American Legion, J. Desenberg and others prior to the launching of a campaign that is now being quietly conducted.

Every number of the program was well received, especially the "Gypsy Love Song"—Slim trombones feature number; "Nellie Gray" with flute solo by Harold Cory; and "Jimmie's Jigs."

The program concluded with "The Eyes of Texas Are Upon You" by the entire company, grouped in a semi-circle around a large "E" illuminated in orange of the orange and white colors of the University. As the strains of the well known music pealed forth scores of former students of the University and many others stood to their feet.

The visitors remained over night in Mexia going today to Corsicana where they are to appear tonight in the home town of the Business Manager, Erwin F. Smith.

The Sumpter Street P. T. A. cleared about \$250 above the expenses incident to the entertainment.

Pueblo Banker Quizzed Before Probing Court

WASHINGTON, March 25.—The Senate oil committee examined M. D. Thatcher, president of the First National Bank of Pueblo, Colorado, in an effort to trace \$32,000 with which Albert B. Fall purchased the ranch property in New Mexico, following the lease of Teapot Dome. The testimony of Thatcher proves that Fall got the \$32,000 from a source not yet revealed to the committee, said Senator Walsh after the testimony.

ANDERSON

NEW YORK, March 25.—William H. Anderson, once the nemesis of the liquor trade and other law breakers, will join the "pick and shovel" gang at Sing Sing prison today.

The former State chief of the Anti-Saloon League, will now stand stripe to stripe for a few months beside the bootlegger, grafting politicians and "prescription peddler," "whom" he so relentlessly pursued.

Anderson as a power to contend with, may be broken by his conviction for third degree forgery by a recent jury. He has been degraded to the status of a common criminal by the Supreme Court decision yesterday denying him his application for a certificate of reasonable doubt in relation to his trial.

But the "fighting reformer" is still battling. He will swing his pick with fellow convicts at Sing Sing while his counsel, Charles S. Whitman carries his appeal to a higher court.

Few Men Can Get Job Like His.

Few men can get jobs like that of Lord Stamfordham, and the jobs are getting scarcer every day, for European nations are constantly abolishing kingships. Not that Lord Stamfordham is a King—he is only private secretary to King George of England and known as one of the most discreet men in the world.

ON THE WAY DOWN TOWN

By SLYBOOTS

At the majestic dining room, there was a discussion on this morning between Judge W. S. Banks and C. H. Mace which interested me immensely. Mr. Mace raised the question as to how the pickles in a bottle on the table were so nicely arranged in the bottle. Mr. Banks expressed his opinion that the manufacturers pile up the pickles and then blow the bottles around them.

I then went down to the Hurdleston and read the new hotel rules which C. M. Church of the News Publishing Company has recently installed for the management. They read:

"Leave your valuables with the night clerk, for he will get them any way."

"Guests wishing fine board will find saw dust in the kitchen."

About that time I heard Mr. Harrison asking the porter if he had swept under the carpets in the halls. He replied: "Yes, Mistah Harrison, I sweeps everything under that 'ere carpet."

That wasn't all the trouble of the day at this hotel, for in a few minutes a patron from Gumbo Bustertown came down the stairway and was hailed before the desk by the day clerk who said to him: "You haven't paid the rent for your room in the last week."

The guest responded: "No—Well I suppose you'll hold me to your agreement."

The clerk asked: "What agreement did we make?"

This was the reply: "Why, when I rented this room you said that I must pay in advance or not at all."

As I came back I dropped in on F. R. Klotz. Since cleaning up is the order of the day here, I thought I'd go around and see what Mr. Klotz was doing about it. He was at the front door and greeted me cordially, inviting me to go to the back part of the building where he said that he had invented a fly screen with holes in it through which flies go out of the house. He said that he expects to make a million out of it.

With that I came on around the corner and ran into Charlie Lewis with my usual, "I feel like a million marks?" "How's that?" I asked, and he replied "Thirty Cents."

When I got to the office I found the Bisetix club had left a command for me to state in my column today that their Tuesday's unanimous choice as a Mexia matrimonial eligible, who, however, would soon be too old to be considered eligible, is that boisterous and white haired attorney of the J. K. Hughes Oil Developing Company: W. S. Banks.

NASHVILLE MAN TO DELIVER AN ADDRESS TONITE

J. T. Henderson of Nashville, Tenn., is to deliver an address at the First Baptist church here tonight. Members of the congregation and others who have frequently had their attention directed to the work of this able leader of the church are looking forward to the occasion when he is scheduled to bring message on financing the activities of the denomination. Especially interested is he in the Baptist 75 Million Campaign it is understood. It is stated by local members that he is one of the foremost lay leaders among Southern Baptists. No collection is to be taken tonight, it is also announced, as his will be an earnest message along the line of results already shown because of the campaign and its possibilities for further achievements.

A great crowd is expected to hear him tonight.

NEVER SAY FAIL SPIRIT SHOWN BY LONGHORN MONDAY

The never say fail spirit characterized hundreds of students who work their way through the University of Texas was exemplified here Monday when Harold Cory, who earns his expenses through college, a member of the Longhorn band showed up for the concert after facing problems that the ordinary young man would have not attempted to solve.

Mr. Cory is a student in the University from San Antonio. His flute solo was one of the feature numbers of the program.

When the other members of the organization came to Mexia he went on to Dallas to spend a part of Monday. He boarded a Corsicana inter-urban in plenty of time to report for the entertainment of Monday night. Arriving there, late in the afternoon, he was unable to secure a service car to bring him the rest of the journey. Not to be outdone, a little after sundown, he secured an airplane for \$15 to complete the trip. Just before reaching Wortham and between there and Currie, darkness threatened and the aviator landed, as he was unwilling to risk their lives with the difficulties of landing on a moonless night. He then struck it afoot to Mexia and was shortly overtaken by E. A. Teter of this city who was glad to give him the lift that landed him here in time for his part on the program. He decided even if he was working his way through school, he had rather pay the \$15 to the aviator and maintain his excellent record than to bond over the big Varsity drum and receive fifteen from the almost three times fifteen members of the entertaining party from Freshman on up.

On Thursday afternoon, immediately following the Rotary Luncheon, there will be a meeting in the Hurdleston Hotel building in the room formerly occupied by the Worth Drug Company and later used as meeting place for the luncheon clubs. J. Perry Burrus, and J. L. Carpenter of Dallas; P. M. Keller, Belton, Texas, and a party of eastern capitalists will be at the meeting, coming to Mexia at their own expense in an advisory capacity. Having nothing to sell and nothing to promote. Simply being interested in cotton mill development, and every subscriber to the cotton mill stock is urged to be present at that meeting which will be called to order at 2 p. m. The local committee is exceedingly anxious to have the necessary \$40,550.00 stock raised before this meeting is called, and it will therefore be a meeting to make plans to get to work and not a meeting to raise subscriptions.

There are a number of subscribers to the original cotton mill subscription who have not yet given the committee a definite answer as to the amount of their subscription to the present proposition, and they are urged to do so between now and Thursday. If Mexia people want a cotton mill they will never be nearer the goal than at present, and if this proposition falls through the cotton mill proposition had just as well be dismissed from the minds of every one concerned.

At the meeting of the Chamber of Commerce directors on Tuesday afternoon this is the principal topic of discussion. The three committees who have done such good work in raising the subscriptions to the pres-

ent figure will be discharged and new committees will be charged with the duty of raising the other \$10,550.00 between now and Thursday noon.

The old committees were: J. K. Hughes, general chairman. Committee No. 1: John H. Sweatt, J. Nussbaum, Gene Sinclair. Committee No. 2: W. W. Barnett, J. I. Riddle, V. B. Gardner. Committee No. 3: J. Sandford Smith, E. T. Measels, A. T. Schulz. They will be present at the meeting of the Chamber of Commerce directors.

Due to the fact that considerable publicity was given to the campaign which first resulted in the raising of \$325,000.00 in local subscriptions and the further fact that these subscriptions did not result in the actual building of a mill, the Chamber of Commerce and others interested have been very circumspect with reference to their public statements. They do not wish the news to go out at the present time that the mill is assured, for that is not true. They have purposely withheld publicity until the statement can be made that the accomplishment is an actuality and that the mill will be built.

The foregoing statement is a true statement of the facts and the co-operation of all Mexia public is earnestly solicited.

FINAL EFFORT IS BEING MADE TO BUILD COTTON MILL HERE

Deeming the development of the cotton mill campaign a matter of public interest and feeling that it has progressed to the extent of "being encouraging," as one of the committee expressed it, the following statement was given to a representative of the News on Tuesday morning.

There was \$359,450.00 in actual subscriptions on the dotted line at noon Monday, and the three committees are still working, pending the meeting in the office of the Chamber of Commerce on Tuesday afternoon. It is necessary that \$400,000.00 be raised locally, making a shortage of \$40,550.00.

While the cotton mill is regarded as a town builder and a commercial and civic addition to the town and county, the stock is offered solely and alone as an investment. Facts show that nineteen mills in Texas in the last five years have paid in excess of 20% in dividends, and while no promise is made of any dividends in the Mexia mill, with new machinery, of the latest pattern, competent management and wise direction, it should do as well as any of them.

It is the plan of those backing the local enterprise to form a company with \$500,000.00 capital in order to give the necessary working capital to the mill, and the committee believes that they have \$500,000.00 of this extra \$100,000.00 in sight at the present time, but the \$100,000.00 must be forthcoming locally before operation can start. So those who are considering whether they will double their former subscriptions or not, are urged to make determination before Thursday, as the committee is anxious to wind up the matter Thursday afternoon and begin the actual organization of the company and collect the first 10% payment on the stock subscriptions.

After the \$400,000.00 is raised locally the other \$100,000.00 can be sold, when the investing public outside of Mexia understands that actual operations have begun and that there are no promotion charges and promotion expense or fees of any kind whatsoever.

On Thursday afternoon, immediately following the Rotary Luncheon, there will be a meeting in the Hurdleston Hotel building in the room formerly occupied by the Worth Drug Company and later used as meeting place for the luncheon clubs. SON-IN-LAW OF FALL ACCUSED OF PART IN FRAUD

WASHINGTON, March 25.—The Senate today formally asked the House to institute impeachment proceedings against C. C. Chase, collector of customs at El Paso, Texas, and son-in-law of Albert B. Fall, because of his alleged participation in the conspiracy to mislead the Senate oil committee as to the source from which Fall obtained \$100,000, later shown to have been obtained from Doherty, and for refusing to testify before the committee. Chase appeared before the committee Saturday and refused to answer questions on the grounds that answers might incriminate him.

There was \$359,450.00 in actual subscriptions on the dotted line at noon Monday, and the three committees are still working, pending the meeting in the office of the Chamber of Commerce on Tuesday afternoon. It is necessary that \$400,000.00 be raised locally, making a shortage of \$40,550.00.

FIGHT FIRE ON FARMS

Fire losses on farm property in various states, covering the period of 1918-1921, will run well toward \$100,000,000.

The average farm house is not subjected to danger caused by fire in adjoining buildings as is the case with city buildings. On the other hand there is little or no fire protection provided for farm dwelling or outbuilding.

Too many farmers fail to recognize the ever-present danger from fire. Farm buildings should be the most easily safeguarded against loss from various fires.

Chiefly responsible among the known causes of fires on farm property are lighting, defective chimneys and flues, stoves, furnaces, boilers and their pipes, spontaneous combustion, matches, smoking and petroleum and its products.

Every farmer knows that he can remove the lightning hazard by a very simple and inexpensive method of lightning rod equipment. Defective chimneys and flues are wholly within the control of the owner of the property. Proper repairing of stoves, furnaces, boilers and pipes is a matter of good housekeeping which it is almost criminal to neglect. Sparks on roofs cannot be entirely eliminated but if the chimneys are tight and run to a proper height danger from this cause is reduced to a minimum. Fires caused by petroleum and its products can be wholly eliminated if proper care is maintained in using these articles and if they are kept in receptacles intended for the purpose. Spontaneous combustion usually results either from oily rags, paint or similar material left carelessly where last used or from explosions in barns due to improper ventilation. It is simple to avoid these hazards by the use of ordinary intelligence.

For every bit of farm property that is destroyed, the profits of some farmer are wiped out and the "problems of agriculture" are increased by just that much, for the farmer must secure new capital with which to replace property destroyed. This

must all be charged up against the high cost of production on farms.

As to fatalities and mutilations due to fire on the farm, there are no available statistics but conservative opinion holds that of the 30,000 deaths and injuries by fire in the United States in 1923, a regrettable number occurred in rural districts.

To avoid the larger part of America's fire loss, whether it be in town or country, does not require any specialized knowledge but only the quality of ordinary carefulness and the exercise of common sense.

DOG TRAVELS 3000 MILES

Fiction is outdone by facts in the devotion of a collie dog that was lost somewhere in Iowa, followed his master's auto to Wolcott, Indiana, and not finding the owner, returned from Indiana to his home at Silverton, Oregon. The faithful collie literally traversed three states searching for his owner, and arriving at Indiana too late to overtake him, took the long hike back across seven states to the Pacific Coast. He arrived in Silverton, Oregon, February 15, having traversed nearly 3000 miles, flanks worn thin, toe-nails worn to the quick and feet bruised from his long race to reach home.

The owner, G. F. Brazier, a restaurant man, motored to Iowa to visit relatives, carrying the collie puppy along in his motor car.

The dog was lost in Iowa and the owner advertised extensively but could not recover him. When he entered the restaurant in his hometown he gave a joyous yelp and made a leap for his astonished owner.

How he negotiated nearly three thousand miles over highways and bridges across rivers, streets and viaducts in cities is a mystery. The collie will be presented with a silver medal by the Oregon Humane Society.

Clean up! Beautify Mexia!—or the ladies'll get you, if you don't watch out.

Quick Quaker

cooks in 3 to 5 minutes
Makes Oats the Quickest Breakfast

Your grocer now has 2 styles of Quaker Oats—Quick Quaker and regular Quaker Oats, the kind you've always known. For a hot breakfast quick, ask for Quick Quaker. Cooks in half the time of coffee—scarcely longer than simple toasted bread. Same plump oats as regular Quaker Oats. But cut before flaking, rolled very thin and partly cooked—smaller flakes that cook faster, that's the only difference. All that rare Quaker flavor. All the joy of hot breakfasts without bother or delay.

Quaker Oats, too

VERNER GATLIN PROPOSES CREAMERY FOR MEXIA
Mexia, Texas, March 23, 1924
The Mexia Daily News.

When the Chamber of Commerce had Mr. Frapps and Mr. Short from College Station to make a talk to the farmers some time ago, Mr. Short in his address said there could be no permanent agriculture without livestock farming. Our soil around Mexia and Limestone county has got so poor from constant planting to cotton that it will not make cotton. We have got to change our methods, and we must have a market for our cream and live stock before we can get on a permanent basis of agriculture.

I notice in your paper where the Chamber of Commerce has got a Fertilizer Factory and several other enterprises to locate here. Let the next enterprise be a creamery for Mexia.

We have more cows in Mexia territory now than any time for many years, and must have a market for the milk.

Yours truly,
Verner Gatlin.

R. W. (Bob) Steen of Coolidge, candidate for tax assessor, was mingling with the crowds here Monday and meeting the people.

DALLAS, Texas, March 25.—Church attendance throughout the country is on the increase, according to Dr. T. D. Ellis, Louisville. In a speech to Methodist pastors here Ellis said: "Never before in all my years have I seen such a general church attendance as can be seen today." Ellis is secretary of the General Board of Church Extension.

Mrs. Allen McKie has returned to her home in Abilene after a pleasant visit in the home of Mr. and Mrs. John Phillips.

Have Dark Hair And Look Young
Grandmother kept her hair beautifully darkened, glossy and attractive with a brew of Sage Tea and Sulphur. Whenever her hair took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect. By asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this old-time recipe, improved by the addition of other ingredients, all ready to use, at very little cost. This simple mixture can be depended upon to restore natural color and beauty to the hair.

A well-known downtown druggist says everybody uses Wyeth's Sage and Sulphur Compound now because it darkens so naturally and evenly that nobody can tell it has been applied—it's so easy to use, too. You simply dampen a comb or soft brush and draw it through your hair, taking one strand at a time. By morning the gray hair disappears; after another application or two, it is restored to its natural color and looks glossy soft and beautiful.—(Adv.)

Recipe to Clear A Pimply Skin

PIMPLES ARE IMPURITIES SEEKING AN OUTLET THRU SKIN PORES.

Pimples, sores and boils usually result from toxins, poisons and impurities which are generated in the bowels and then absorbed into the blood through the very ducts which should absorb only nourishment to sustain the body.

It is the function of the kidneys to filter impurities from the blood and cast them out in the form of urine, but in many instances the bowels create more toxins and impurities than the kidneys can eliminate; then the blood uses the skin pores as the next best means of getting rid of these impurities, which often break out all over the skin in the form of pimples.

The surest way to clear the skin of these eruptions, says a noted authority, is to get from any pharmacy about four ounces of Jad Salts and take a tablespoonful in a glass of water each morning before breakfast for one week. This will help prevent the formation of toxins in the bowels. It also stimulates the kidneys, thus coaxing them to filter the blood of impurities and clearing the skin of pimples.

Jad Salts is inexpensive, and is made from the acid of grapes and lemon juice, combined with lithia. So you have a pleasant, effervescent drink which usually helps make pimples disappear.—(Adv.)

Mr. and Mrs. Melton Entertain Monday On The Occasion of His Birthday—Big Dinner, Big Time

Monday at 11:30 Mr. and Mrs. John Melton entertained a few of their friends with a birthday dinner, being Mr. Melton's birthday.

After a few words of greeting the guests were ushered into the dining room where the table was laden with good things to eat, turkey and all the accessories.

All having convinced Mr. Melton they had enjoyed this bountiful repast, the Veterans assembled and went over the jokes and happenings of their boyhood days.

Everyone left thankful for these Veterans of the sixties, wishing them many more gatherings like this, and especially with Mr. and Mrs. Melton.

Those present were Mr. and Mrs. Rado Steele, Mr. and Mrs. J. M. Tidwell, Mr. Jack Yeldell, A. J. Cox, E. W. Collier, Dr. Woodredge, Cary May, G. W. Plunket, N. L. Morrow, D. A. Waller, J. M. Tidwell, nascent.

Mrs. Hostetter Is T. E. L. Hostess

Mrs. Hostetter entertained the T. E. L. Class of the First Baptist church Friday afternoon in the lovely home of Mrs. Wallace on North Sherman street from 3 to 5 o'clock.

After a spicy as well as profitable business meeting presided over by the President, Mrs. Pyeall, the class enjoyed a very pleasant social hour. The leading feature was the reveling of the Sunshine Sisters. The party agreed that many rays of sunshine had entered their homes during the last month because of these sunshine friends.

After amusement, the guests were ushered into the dining room where the hostesses served delicious refreshments consisting of tea, cakes, and stuffed dates.

There were forty-five ladies present and all went away with a feeling of gratitude to Mrs. Hostetter and Mrs. Wallace for their lovely entertainment.—Reporter.

DUNNIGAN-WARD

Miss Verna Ward, of Shiloh, and Mr. Tom Dunnigan, of Corsicana, were married Monday at 12 o'clock at the home of Lee Bishop on South McKinney. Justice Osborne Kennedy officiated. The happy couple left on the T. & B. V. for Teague shortly after the ceremony. They will be at home in Corsicana after a brief honeymoon. Mrs. Dunnigan is a daughter of A. J. Ward, of Shiloh, and has a host of friends in her home community who join in extending her and her husband many wishes for success and happiness.

Miss Sallie Welch was among visitors here Monday.

S. S. COURSE

Corsicana, Texas, March 22, 1924.
Editor Mexia News,
Mexia, Texas.

Dear Sir:

There will be a Training School for Sunday School Superintendents, Teachers and others interested in Sunday School work to be held at the First Methodist Church in this city from March 31st to April 5th, from 7 until 9 each evening.

This will permit those in the nearby towns to go and come each evening if they like.

There will be standard course of study taught by expert teacher in the various lines of Sunday School organization and work generally. Laying special stress upon teaching and organization. There will also be a course of very fine lectures by some of the best speakers in the State.

The purpose of the school is to better equip Sunday School workers for more efficient service in their various lines; and it is earnestly desired that as many as possible from the Mexia Sunday School become interested and attend this school.

To this end we are writing to ask if you will kindly give this as wide publicity as possible through your most esteemed paper and urge the Sunday Schools to advertise it also. Thanking you most sincerely for the kindness,

Very truly yours,
A. D. McMichael,
Publicity Secretary.

Heart Broken, This Mother Wants Son Who Was in Mexia

March 21, 1924.

Postmaster,
Mexia, Texas.
Dear Sir:

I am taking the liberty of writing you to ask you if you can give me any news of my son, Kenneth Mather. I sent him a birthday box parcel post to your office, which he received, having received acknowledgement from him. That was a year ago last September. I think his letter regarding the box reached me in October. He said then that he was thinking of leaving Mexia and would let me know his address. I have never heard a word since. If I remember rightly, my letters went first to General Delivery and then to a box. I am writing to you first. No matter if the news is bad it will be better than nothing. This uncertainty is breaking my heart and health. Kindly address all mail to my letter box No. 20, Station H, New York City, N. Y. No matter where I am it will reach me.

Thanking you for any little word you can send me, good or bad will be welcome.

Very truly yours,
Kenneth's Mother,
Mrs. Edith H. Foster.
Box 20, Station H, New York City.
Kenneth is tall, fair complexion, blue eyes, around 28-30 years of age.

Mexia Welcomes New Citizens

B. A. Alston, of Thornton, a member of one of the oldest families of Limestone county, was in Mexia Monday afternoon, making arrangements to move his family here as soon as the school term at his home is ended. Mr. Alston is the owner of a hardwood sawmill at Thornton and contemplates establishing a hardwood lumberyard here shortly. Mr. Alston comes with splendid recommendations from his community and Mexia is glad to welcome him and his family, as the type of citizens who are worthy of their place in any community.

Only 1,618 hours were lost on account of illness by the 7,000 students of Ohio State University during the month of January, 1924. The activities of the student health service in forestalling preventable disease is credited with much of the improvement over past years.

Wayland Moody and Dwight Moody of Tehuacana, were in the city Monday. Wayland Moody is a graduate of the University of Texas and Professor of Modern Languages at Westminster College.

Clarence Rose, of Coolidge, was in the city Monday. Mr. Rose is an employee of the First National Bank at Coolidge.

Man Victim Of Auto Accident

A. J. Ward, of Shiloh, was the victim of an accident Monday afternoon when a large car driven by a lady ran over one of his legs after throwing him to the sidewalk in front of the Chocolate Shoppe. His right ankle is reported to be crushed badly and one hand is injured from striking the pavement violently when he fell. He was crossing the street toward the Chocolate Shoppe at the time of the accident and did not see the car which was at his back. Medical attention was given his injuries immediately, and he was taken to his home at Shiloh soon after the accident.

Colored Woman Injured in Fight

Two negro women engaged in a fight with knives Sunday night in which one of them received injuries sufficient to confine her to the hospital for some time. The negroes were Jesse Brown and Della Owens. The fight occurred in Juarez when the former attacked Della with a long pocket knife cutting a deep gash in the right shoulder, one in the neck and several minor ones about the face. The injured woman was taken to the Mexia General Hospital where her injuries were reported to not be serious as thought at first.

The negro who did the cutting is being held for trial.

"MEXIA PREFERRED"--

If You Live In Mexia----- You're a Stockholder In The City

THE FACT that you live in Mexia—makes you a stockholder in Mexia. This is true whether you own property or pay rent—whether you're in business for yourself or lend your efforts and energies to another business—whether you are active or passive.

What would you think of a stockholder in any business that let his coupons go unclipped—that was vitally enough interested to be a stockholder, and not vitally enough interested to further the cause in every possible way he could.

Yet—that's just the situation—unless you do your best for Mexia—(paradoxically you collect interest by lending interest—and you cannot avoid being a stockholder.)

Therefore it's obvious how much you benefit by giving Mexia your best—how directly your interests are Mexia's—and vice versa.

That most citizens are serving is evidenced by the definite progress Mexia is making. That Mexia will progress that much more rapidly if every citizen will lend his best—so that he may in turn collect greater return—is evident.

So this is our plea for your co-operation—trade at home—boost for Mexia; back up your neighbor, your merchants, and prosper with them. By boosting the "Buy-at-Home" movement you put your community on the map and thereby benefit directly by being a stockholder in your home city.

"YOUR INTERESTS ARE HERE IN MEXIA"

W. B. Jackson To W. E. Doyle

I noticed Judge Doyle's piece about Reuben, going coon hunting with Dr. Martin Stephens. He didn't tell that coon tale just right. It went down to tell it. Judge Doyle used to love to go wild turkey hunting, but never did till one as I know of. John Davis called him Turkey Flusher many years ago. He would make so much fuss and would walk with his head down, instead of up that the turkeys always saw him before he saw them, and fly. I hunted once with Judge W. E. Doyle. I think it was in the fall of 1906. In the Rio Grande bottoms, turkeys were plentiful but we got no turkeys. I saw wild turkeys flying over the mesquite and cactus, late one afternoon. I wondered what they had seen to get "skeeered" and fly so fast. Coming out of a cactus jungle I saw Judge Doyle. He said he flushed them. He would not stop and listen to me, having a head of his own, he went into that awful prickly pear woods till night overtook him. Then he began to holler like a Comanche Indian because those cat claws and cactus were giving him fits, and the wolves were awful sassy and thick. He did not want to be out that night. I finally went to him, being naturally scatter sorry for him. The turkeys were gone to thunder and the wolves howling in every direction. He wanted to go home to camp with me then. He had rubbed the skin off his heels by wearing high top boots that he thought were rattle snake proof. He came limping along—I could not leave him then. We killed two deer once after the law was out, and Judge Doyle said we had better be careful or they would get us sure. So he took the guts and buried them in a running quick sand branch. Of course as the water ran, guts came to the top and were strung out down that branch a mile and were seen by many. We had no trouble however and got through Fairfield safe with our venison and hides. I got a pan of boiling water once to use to shave, and turned round to get something else when I heard that Comanche yell of his. He had stuck both hands in my pan of hot water. Judge Doyle was Mayor of Mexia, Texas, a long, long time. Sometimes he had trouble. I knew him to throw an ink bottle at a fellow once but he missed him like he always did wild turkeys.

No truer friend ever lived than my good friend W. E. Doyle. I would love to walk again with him down a

long Cinderella and see the turkey tracks in the mud. He camped once with Davis and my brother Douglas and told them that dogs drew lightning in the tank—wet dogs—this so?

Judge Doyle loves the wilds, is one reason I love him. I never was lonely in the woods. The trees and birds are company to me. We both love the Red bird for we have heard him whistle for day many times when out in the forest listening for an old prober to gobble.

Sam Fife caught me sitting on a log crying because I could not find any sign. I guess Judge Doyle and I will have to take up going to baseball or spend our spare time fishing now, for game is getting scarce.

Doctor Jackson knows I know many things on him, it wont do to tell. I also know some things on my friend W. E. Doyle that never was put in print, but if all men were like W. E. Doyle and Dr. R. B. Jackson, we could tear all the jail houses down.

W. B. JACKSON.

PURE WATER

Even a novice knows that radiators, piping, jackets, etc., are injured and made inefficient through incrustations resulting from mineral substances inherent in all of nature's aqua pura products, save, perhaps, rain water. The only safe thing to use therefore is distilled water. This is not always obtainable, but few indeed are the places nowadays where artificial ice cannot be found. That's the answer; melt the ice and you have the purest water.

New Treatment for Swollen Glands

People who have enlarged glands ought to know that by freely applying Emerald Oil daily the gland can be brought to a head and all the germs and poisonous secretions discharged and destroyed.

Furthermore the opening will heal surely and speedily and without leaving an unsightly scar. People who desire this treatment should secure a two ounce original bottle of Emerald Oil (full strength) and use as directed. It is a very concentrated preparation and a small quantity lasts a long time. It is also used to reduce swollen veins and dissolves goitre.—(Adv.)

Game Warden Gives Sportsmen Warning

J. Earl Smith, Deputy State Game Warden, was in the city Monday. Mr. Smith stated that for the benefit of sportsmen who are ignorant of the game laws, he wished to say that the killing of field larks at any time during the year is prohibited and subject to heavy fines. Quail and dove are also protected except for the months of December and January. He stated that though the deer season is closed many sportsmen seemed to be entirely ignorant of the fact.

As for fish he stated that at the present time and up until May the first, the catching of any game fish is forbidden. At present it is illegal to take them in any fashion and after the first of May no nets of smaller than three inch mesh can be used. After that date also no bass under eleven inches or no crappie (white perch) under 7 inches may be caught.

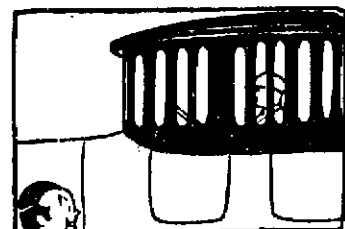

Mr. Smith said that he wished to warn all sportsmen and to inform them of the law in order that they may avoid trouble in the future, and for that reason was giving out this information now as the fishing spirit is beginning to get hold of sport lovers with the coming of spring.

WOMEN STUDENTS INSTRUCTED IN FIRST AID

AUSTIN, Texas, March 25.—In order to prepare women students of the University of Texas for intelligent care of the sick in the home and to instruct them in the care of babies and young children, a course in first-aid and home nursing will be conducted during the spring term by Miss L. Jane Duffy, head of the department of public health nursing. Nine students have already enrolled, and it is expected that many more girls will sign up for the course, which is open to all women of sophomore standing. Laboratory equipment for the course includes hospital beds and linen, bandages, medicines, thermometers, and other apparatus for demonstration.

GEOLOGY SUMMER CAMPS WILL BE HELD MASON CO.

AUSTIN, Texas, March 25.—The geology summer camp of the University of Texas will be held this year in Mason county, about 125 miles from Austin, and on the western edge of the central mineral region. About 15 students and members of geology faculty will make the trip. The party will remain camped both-terms of the summer school, and the students will receive degree credit for the work done.

Seventy-seven traveling teachers are employed in Cuba to give instruction in 187 centers in sparsely populated districts. They instruct 3,639 children.

DON'T DO THIS.

Any driver who stops his car on a curve or who attempts to pass another car there indulges in one of the most reprehensible practices of the unthinking road user. To those guilty of doing this when not driven to it by necessity no ordinary punishment can be considered as being too drastic.

Tax Collector, W. A. Robbins was up from Groesbeck Monday telling the people that he would like to have another term.

SHERIFF'S SALE
The State of Texas, County of
Limestone.
Notice is hereby given that by
virtue of a certain Order of Sale
issued out of the Honorable
Court of Limestone County,
of the 6th day of March, 1924, by
the District Clerk, of said Limestone
County, for the sum of Seven
Hundred Sixty-Two 30-100 (\$762.30)
Dollars and costs of suit, under a
Vendor's Lien, in favor of Wm. M. Rice
Institute, in a certain cause in said
Court, No. 4190-B and styled Wm. M. Rice
Institute vs. J. E. Frost, John S. Prince,
and F. W. Woodward, placed in my
hands for service, I, Whit Popejoy,
as Sheriff of Limestone County,
Texas, did, on the 8th day of March
1924, levy on certain Real Estate,
situated in Limestone County,
Texas, described as follows, to wit:
Upon Lot No. 5 in Block No. 38, in
the City of Mexia, according to the
map of said City drawn by C. E. Davis,
a copy of which is recorded in Vol. 52,
page 621, deed records of Limestone
County, Texas, and levied upon as the
property of J. E. Frost, John S. Prince
and F. W. Woodward, and that on the
first Tuesday in April 1924, the same
being the 1st day of said month, at the
Court House door, of Limestone County,
in the Town of Groesbeck, Texas, be-
tween the hours of 10 a. m. and 4 p. m.,
by virtue of said levy and said Order
of Sale, I will sell said above described
Real Estate at public vendue, for cash,
to the highest bidder, as the property
of said J. E. Frost, John S. Prince and
F. W. Woodward.
And in compliance with law, I give
this notice by publication, in the
English language, once a week for
three consecutive weeks immediately
preceding said day of sale, in the
Mexia Daily News, a newspaper pub-
lished in Limestone County.
Witness my hand, this 8th day of
March, 1924.

MANY GOOD RECORDS MADE BY MARKSMEN IN ANNUAL SHOOT OF MEXIA GUN CLUB

The First Anniversary Shoot of the Mexia Gun Club last Friday at the old aviation grounds was probably the most important event in the life of the club. The shoot which consisted of five events lasted from 10 o'clock in the morning until late in the afternoon and was marked by the large number of visitors present from out of town and the eagerness and closeness with which the several events were contested by numbers of crack shots. The list of prize winners as published in the Mexia Daily News for Sunday were as follows:

Jack Kelly, first; L. D. Morrow, second; M. W. Anderson, third; Moore fourth; Moore, fifth; R. L. Wiley, sixth; O. G. Wiley, seventh; Fred Klotz, eighth; R. L. Wiley, ninth; Wright, tenth; McClanahan, eleventh; O'Neil, twelfth; Withrow, thirteenth; Blanchard, fourteenth.

In the quail shoot, S. R. Partlow won first place, and L. D. Morrow, second.

In the quail shoot, S. R. Partlow Anderson, won first, Mrs. Louis Anderson, second, Mrs. G. W. Hopson, third and Mrs. Louis Anderson, fourth.

Throughout the entire day a spirit of friendly rivalry was noted among the scores of contestants and many times the race between the sportsmen was close and spirited. Some of the best shooting ever seen at trap or other shooting events was witnessed at the shoot. Out of 150 targets many of the sportsmen broke to within 20 of the whole number and very few fell below the 100 mark.

The following is a list of those taking part in the events and the number of targets broken by each person taking part in the trap and quail shoots:

Reason So Many 'Pimple Cures' Fail

Salves and lotions come and go, one after the other, hoping to hit the right thing which might cause them to get results for people who suffer from skin troubles. Most of these concoctions don't even heal the outward effects, much less take away the cause of the disease.

Do you think so little of your delicate skin as to allow yourself to become the subject for these experiments? By all means use only the thing which has stood the test of time and public opinion. Black and White Ointment has not only stood this test, but you are sure of it—when you know that it is selling at the tremendous rate of nearly two million packages a year.

The way it is economically priced, in liberal packages, has helped to make it so popular, along with its dependability. The 50c size contains three times as much as the 25c size. All dealers have it.—(Adv.)

Safe Fat Reduction

Reduce, reduce, reduce, is the slogan of all fat people. Get thin, be slim, is the cry of fashion and society. And the overfat warring their hands in mortification and helplessness; revolting at nauseating drugs, afraid of violent exercise, dreading the unwellcome and unsatisfying diet, until they hit upon the harmless Marmola Prescription and learn through it that they may safely reduce steadily and easily without one change in their mode of life, but harmlessly, secretly, and quickly reaching their ideal of figure, with a smoother skin, better appetite and health than they have ever known. And now comes Marmola Prescription Tablets from the same famous formula as the Marmola Prescription. It behooves you to learn the satisfactory, beneficial effects of this great, safe, fat reducer by giving to your druggist one dollar for a box, or sending a like amount to the Marmola Company, 4012 Woodward Avenue, Detroit, Mich., with a request that they mail to you a box of Marmola Prescription Tablets.—(Adv.)

Roman Catholic Head Concerned Over Palestine

ROME, March 25.—American Catholics may be called upon for financial contributions to aid the campaign of the church to preserve the Holy places, the Agencia Libera, said today.

The new American cardinals, Hayes and Mundelein, have had several long interviews with the Pope, regarding Palestine and the Holy places, the agency says, adding that it is known that His Holiness is "gravely anxious over this problem."

The Pope has suggested that the Catholics in the United States assist in saving Catholicism in Palestine where the Musselman and Protestants are in an enormous majority.

Financial support from the United States has been promised by American cardinals who also promised to encourage pilgrimages to Jerusalem and colonization of Palestine by the Catholics.

LONGHORNS PLAY TO BIG CROWD AT OPERA HOUSE

Playing to a crowd of 700 people who filled to capacity the Opera House here Monday night, the Longhorn band from the University of Texas, appearing under the auspices of the Parent-Teachers Association of the Sumpter Street School, presented its fifth annual program which was generously applauded by a pleased audience.

Scores were turned away who applied for admission when the Fire Chief, Mr. Pittman, stated that the house was filled and that it would be dangerous to allow more to enter. The Parent-Teachers Association, represented at the door by Mrs. Georgia Bergeron and Mrs. Sam Cox refunded the price of admission to all who applied for it, who had bought tickets and who could not get in. This incident led to a general comment that Mexia needs the War Memorial and City Auditorium as suggested by the Nowlin Post of the American Legion, J. Desenberg and others prior to the launching of a campaign that is now being quietly conducted.

Every number of the program was well received, especially the "Gypsy Love Song," Slim trombones feature number; "Nellie Gray" with flute solo by Harold Cory; and "Jimnie's Jigs."

The program concluded with "The Eyes of Texas Are Upon You" by the entire company, grouped in a semi-circle around a large "T" illuminated in orange of the orange and white colors of the University. As the strains of the well known music pealed forth scores of former students of the University and many others stood to their feet.

The visitors remained over night in Mexia going today to Corsicana where they are to appear tonight in the home town of the Business Manager, Erwin F. Smith.

The Sumpter Street P. T. A. cleared about \$250 above the expenses incident to the entertainment.

Pueblo Banker Quizzed Before Probing Court

WASHINGTON, March 25.—The Senate oil committee examined M. D. Thatcher, president of the First National Bank of Pueblo, Colorado, in an effort to trace \$32,000 with which Albert B. Fall purchased the ranch property in New Mexico, following the lease of Teapot Dome. The testimony of Thatcher proves that Fall got the \$32,000 from a source not yet revealed to the committee, said Senator Walsh after the testimony.

ANDERSON, NEW YORK, March 25.—William H. Anderson, once the nemesis of the liquor trade and other law breakers, will join the "pick and shovel" gang at Sing Sing prison today.

The former State chief of the Anti-Saloon League, will now stand stripe to stripe for a few months beside the bootlegger, grafting politicians and "prescription peddler," "whom he so relentlessly pursued."

Anderson as a power to contend with, may be broken by his conviction for third degree forgery by a recent jury. He has been degraded to the status of a common criminal by the Supreme Court decision yesterday denying him his application for a certificate of reasonable doubt in relation to his trial.

But the "fighting reformer" is still battling. He will swing his pick with fellow convicts at Sing Sing while his counsel, Charles S. Whitman carries his appeal to a higher court.

ON THE WAY DOWN TOWN

By SLYBOOTS

At the majestic dining room, there was a discussion on this morning between Judge W. S. Banks and C. H. Mace which interested me immensely. Mr. Mace raised the question as to how the pickles in a bottle on the table were so nicely arranged in the opinion that the manufacturers pile up the pickles and then blow the bottles around them.

I then went down to the Hurdleston and read the new hotel rules which C. M. Church of the News Publishing Company has recently installed for the management. They read:

"Leave your valuables with the night clerk, for he will get them any way."

"Guests wishing fine board will find saw dust in the kitchen."

About that time I heard Mr. Harrison asking the porter if he had swept under the carpets in the halls. He replied: "Yes, Mistah Harrison, I sweeps everything under that 'ere carpet."

That wasn't all the trouble of the day at this hotel, for in a few minutes a patron from Gumbo Bustertown came down the stairway and was haled before the desk by the day clerk who said to him: "You haven't paid the rent for your room in the past week."

The guest responded: "No. Well I suppose you'll hold me to your agreement."

The clerk asked: "What agreement did we make?"

This was the reply: "Why, when I rented this room you said that I must pay in advance or not at all."

As I came back I dropped in on F. R. Klotz. Since cleaning up is the order of the day here, I thought I'd go around and see what Mr. Klotz was doing about it. He was at the front door and greeted me cordially, inviting me to go to the back part of the building where he said that he had invented a fly screen with holes in it through which flies go out of the house. He said that he expects to make a million out of it.

With that I came on around the corner and ran into Charlie Lewis with my usual, "I feel like a million marks?" How's that?" I asked, and he replied "Thirty Cents."

When I got to the office I found the Bisextile club had left a command for me to state in my column today that their Tuesday's unanimous choice as a Mexia matrimonial eligible, who, however, would soon be too old to be considered eligible, is that boisterous and white haired attorney of the J. K. Hughes Oil Developing Company: W. S. Banks.

NEVER SAY FAIL SPIRIT SHOWN BY LONGHORN MONDAY

The never say fail spirit characterized hundreds of students who work their way through the University of Texas was exemplified here Monday when Harold Cory, who earns his expenses through college, a member of the Longhorn, band showed up for the concert after facing problems that the ordinary young man would have not attempted to solve.

Mr. Cory is a student in the University from San Antonio. His flute solo was one of the feature numbers of the program.

When the other members of the organization came to Mexia he went on to Dallas to spend a part of Monday. He boarded a Corsicana interurban in plenty of time to report for the entertainment of Monday night. Arriving there, late in the afternoon, he was unable to secure a service car to bring him the rest of the journey. Not to be outdone, a little after sundown, he secured an airplane for \$15 to complete the trip. Just before reaching Wortham and between there and Currie, darkness threatened and the aviator landed, as he was unwilling to risk their lives with the difficulties of landing on a moonless night. He then struck it afoot to Mexia and was shortly overtaken by E. A. Teter of this city who was glad to give him the lift that landed him here in time for his part on the program. He decided even if he was working his way through school, he had rather pay the \$15 to the aviator and maintain his excellent record than to bend over the big Varsity drum and receive fifteen from the almost three times fifteen members of the entertaining party from Freshman on up.

Newsies' First Win of Season

The Pioneer Newsies won their first game of the season by defeating the Berry-Barnett baseball team Sunday afternoon by the score of 9 to 8. The boys played a double header. The first game was dropped to the Everyboys Club with the lopsided score of 23 to 4. The Everyboys team is composed of much older and more experienced boys giving them decidedly the advantage in encounters between the two teams.

The second game with the Berry-Barnett team proved much more interesting. Sawyer, was in the box for the Newsies and put up a fine showing during the game.

FINAL EFFORT IS BEING MADE TO BUILD COTTON MILL HERE

Deeming the development of the cotton mill campaign a matter of public interest and feeling that it has progressed to the extent of "being encouraging," as one of the committee expressed it, the following statement was given to a representative of the News on Tuesday morning.

There was \$359,450.00 in actual subscriptions on the dotted line at noon Monday, and the three committees are still working, pending the meeting in the office of the Chamber of Commerce on Tuesday afternoon. It is necessary that \$400,000.00 be raised locally, making a shortage of \$40,550.00.

While the cotton mill is regarded as a town builder and a commercial and civic addition to the town and county, the stock is offered solely and alone as an investment. Facts show that nineteen mills in Texas in the last five years have paid in excess of 20% in dividends, and while no promise is made of any dividends in the Mexia mill, with new machinery, of the latest pattern, competent management and wise direction, it should go as well as any of them.

It is the plan of those backing the local enterprise to form a company with \$500,000.00 capital in order to give the necessary working capital to the mill, and the committee believes that they have \$50,000.00 of this extra \$100,000.00 in sight at the present time, but the \$400,000.00 must be forthcoming locally before operation can start. So those who are considering whether they will double their former subscriptions or not, are urged to make determination before Thursday, as the committee is anxious to wind up the matter Thursday afternoon and begin the actual organization of the company and collect the first 10% payment on the stock subscriptions.

After the \$400,000.00 is raised locally the other \$100,000.00 can be sold, when the investing public outside of Mexia understands that actual operations have begun and that there are no promotion charges and promotion expense or fees of any kind whatsoever.

On Thursday afternoon, immediately following the Rotary Luncheon, there will be a meeting in the Hurdleston Hotel building in the room formerly occupied by the Worth Drug Company and later used as meeting place for the luncheon clubs. J. Perry Burrus, and J. L. Carpenter of Dallas; P. M. Keller, Belton, Texas, and a party of eastern capitalists will be at the meeting, coming to Mexia at their own expense in an advisory capacity. Having nothing to sell and nothing to promote. Simply being interested in cotton mill development, and every subscriber to the cotton mill stock is urged to be present at that meeting which will be called to order at 2 p. m. The local committee is exceedingly anxious to have the necessary \$40,550.00 stock raised before this meeting is called, and it will therefore be a meeting to make plans to get to work and not a meeting to raise subscriptions.

There are a number of subscribers to the original cotton mill subscription who have not yet given the committee a definite answer as to the amount of their subscription to the present proposition, and they are urged to do so between now and Thursday. If Mexia people want a cotton mill they will never be nearer the goal than at present, and if this proposition falls through the cotton mill proposition had just as well be dismissed from the minds of every one concerned.

At the meeting of the Chamber of Commerce directors on Tuesday afternoon this is the principal topic of discussion. The three committees who have done such good work in raising the subscriptions to the pres-

SON-IN-LAW OF FALL ACCUSED OF PART IN FRAUD

WASHINGTON, March 25.—The Senate today formally asked the House to institute impeachment proceedings against C. C. Chase, collector of customs at El Paso, Texas, and son-in-law of Albert B. Fall, because of his alleged participation in the conspiracy to mislead the Senate oil committee as to the source from which Fall obtained \$100,000, later shown to have been obtained from Doheny, and for refusing to testify before the committee. Chase appeared before the committee Saturday and refused to answer questions on the grounds that answers might incriminate him.

UNITED PRESS DAILY LETTER

KANSAS CITY, March 25.—Benjamin and Lucius Butler, brothers, have confessed they kidnapped and mutilated Dewey L. Qualls. Benjamin Butler, police station clerk, charged Qualls had been intimate with his wife. He said he and his brother operated on Qualls in a deserted house in the suburbs.

LULING, Texas, March 25.—A gusher on the C. C. Cannans oil lease near here caught fire when a workman struck a match near the derrick. The flames were subdued after four hours fighting. Several workmen were slightly burned.

SHERMAN, Texas, March 25.—Mrs. Ethel Monroe Mendias is held by county officials here charged with ligamy. Alfred Monroe, of Leonard, who filed the complaint, said the woman married Joe Mendias, a musician, last Tuesday. "She married me in 1919 and we were never divorced," he added.

SIOUX CITY, Iowa, March 25.—Senator Hiram Johnson, seeking the presidency, is on a three-day stumping tour of Nebraska, in the wake of his campaign in South Dakota.

WASHINGTON, March 25.—The American Merchant Marine cost approximately \$43,000,000 to operate last year, according to C. V. O'Connor, chairman of the U. S. Shipping Board. O'Connor, replying to questions of the House committee investigating the board, said that of the 1261 steel vessels owned by the government, only 368 were in operation.

cent figure will be discharged and new committees will be charged with the duty of raising the other \$40,550.00 between now and Thursday noon.

The old committees were: J. K. Hughes, general chairman. Committee No. 1: John H. Sweatt, J. Nussbaum, Gene Sinclair. Committee No. 2: W. W. Barnett, J. I. Riddle, V. B. Gardner. Committee No. 3: J. Sandford Smith, E. T. Measels, A. T. Schultz. They will be present at the meeting of the Chamber of Commerce directors.

Due to the fact that considerable publicity was given to the campaign which first resulted in the raising of \$325,000.00 in local subscriptions and the further fact that these subscriptions did not result in the actual building of a mill, the Chamber of Commerce and others interested have been very circumspect with reference to their public statements. They do not wish the news to go out at the present time that the mill is assured, for that is not true. They have purposely withheld publicity until the statement can be made that the accomplishment is an actuality and that the mill will be built.

The foregoing statement is a true statement of the facts and the co-operation of all Mexia public is earnestly solicited.

FIGHT FIRE ON FARMS

Fire losses on farm property in various states, covering the period of 1918-1921, will run well toward \$100,000,000.

The average farm house is not subjected to danger caused by fire in adjoining buildings as is the case with city buildings. On the other hand there is little or no fire protection provided for farm dwelling or outbuilding.

Too many farmers fail to recognize the ever-present danger from fire. Farm buildings should be the most easily safeguarded against loss from various fires.

Chiefly responsible among the known causes of fires on farm property are lighting, defective chimneys and flues, stoves, furnaces, boilers and their pipes, spontaneous combustion, matches, smoking and petroleum and its products.

Every farmer knows that he can remove the lightning hazard by a very simple and inexpensive method of lightning rod equipment. Defective chimneys and flues are wholly within the control of the owner of the property. Proper repairing of stoves, furnaces, boilers and pipes is a matter of good housekeeping which it is almost criminal to neglect. Sparks on roofs cannot be entirely eliminated but if the chimneys are tight and run to a proper height danger from this cause is reduced to a minimum. Fires caused by petroleum and its products can be wholly eliminated if proper care is maintained in using these articles and if they are kept in receptacles intended for the purpose. Spontaneous combustion usually results either from oily rags, paint or similar material left carelessly where last used or from explosions in barns due to improper ventilation. It is simple to avoid these hazards by the use of ordinary intelligence.

For every bit of farm property that is destroyed, the profits of some farmer are wiped out and the "problems of agriculture" are increased by just that much, for the farmer must secure new capital with which to replace property destroyed. This

must all be charged up against the high cost of production on farms.

As to fatalities and mutilations due to fire on the farm, there are no available statistics but conservative opinion holds that of the 30,000 deaths and injuries by fire in the United States in 1923, a regrettable number occurred in rural districts.

To avoid the larger part of America's fire loss, whether it be in town or country, does not require any specialized knowledge but only the quality of ordinary carefulness and the exercise of common sense.

DOG TRAVELS 3000 MILES

Fiction is outdone by facts in the devotion of a collie dog that was lost somewhere in Iowa, followed his master's auto to Wolcott, Indiana, and not finding the owner, returned from Indiana to his home at Silverton, Oregon. The faithful collie literally traversed three states searching for his owner, and arriving at Indiana too late to overtake him, took the long hike back across seven states to the Pacific Coast. He arrived in Silverton, Oregon, February 15, having traversed nearly 3000 miles, flanks worn thin, toe-nails worn to the quick and feet bruised from his long race to reach home.

The owner, G. F. Brazier, a restaurant man, motored to Iowa to visit relatives, carrying the collie puppy along in his motor car.

The dog was lost in Iowa and the owner advertised extensively but could not recover him. When he entered the restaurant in his hometown he gave a joyous yelp and made a leap for his astonished owner.

How he negotiated nearly three thousand miles over highways and bridges across rivers, streets and viaducts in cities is a mystery. The collie will be presented with a silver medal by the Oregon Humane Society.

Clean up! Beautify Mexia!—or the ladies'll get you, if you don't watch out.

Quick Quaker

cooks in 3 to 5 minutes
Makes Oats the Quickest Breakfast

Your grocer now has 2 styles of Quaker Oats—Quick Quaker and regular Quaker Oats, the kind you've always known. For a hot breakfast quick, ask for Quick Quaker. Cooks in half the time of coffee—scarcely longer than simple toasted bread. Same plump oats as regular Quaker Oats. But cut before flaking, rolled very thin and partly cooked—smaller flakes that cook faster, that's the only difference. All that rare Quaker flavor. All the joy of hot breakfasts without bother or delay.

FROM THE PEOPLE VERNER GATLIN PROPOSES CREAMERY FOR MEXIA

Mexia, Texas, March 23, 1924

The Mexia Daily News:

When the Chamber of Commerce had Mr. Frapps and Mr. Short from College Station to make a talk to the farmers some time ago, Mr. Short in his address said there could be no permanent agriculture without livestock farming. Our soil around Mexia and Limestone county has got so poor from constant planting to cotton that it will not make cotton. We have got to change our methods, and we must have a market for our cream and live stock before we can get on a permanent basis of agriculture.

I notice in your paper where the Chamber of Commerce has got a Fertilizer Factory and several other enterprises to locate here. Let the next enterprise be a creamery for Mexia.

We have more cows in Mexia territory now than any time for many years, and must have a market for the milk.

Yours truly,
Verner Gatlin.

R. W. (Bob) Steen of Coolidge, candidate for tax assessor, was mingling with the crowds here Monday and meeting the people.

DALLAS, Texas, March 25.—Church attendance throughout the country is on the increase, according to Dr. T. D. Ellis, Louisville. In a speech to Methodist pastors here Ellis said: "Never before in all my years have I seen such a general church attendance as can be seen today." Ellis is secretary of the General Board of Church Extension.

Have Dark Hair And Look Young

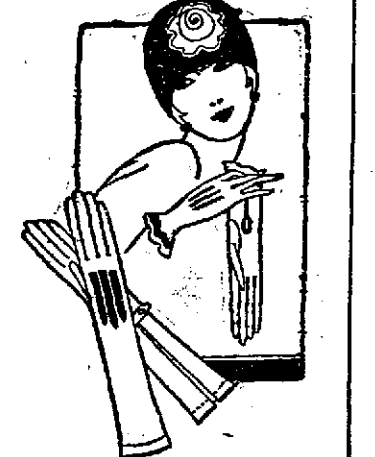

Grandmother kept her hair beautifully darkened, glossy and attractive with a brew of Sage Tea and Sulphur. Whenever her hair took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect. By asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this old-time recipe, improved by the addition of other ingredients, all ready to use, at very little cost. This simple mixture can be depended upon to restore natural color and beauty to the hair.

A well-known downtown druggist says everybody uses Wyeth's Sage and Sulphur Compound now because it darkens so naturally and evenly that nobody can tell it has been applied—it's so easy to use, too. You simply dampen a comb or soft brush and draw it through your hair, taking one strand at a time. By morning the gray hair disappears; after another application or two, it is restored to its natural color and looks glossy soft and beautiful.—(Adv.)

Recipe to Clear A Pimply Skin

PIMPLES ARE IMPURITIES SEEKING AN OUTLET THRU SKIN PORES.

Pimples, sores and boils usually result from toxins, poisons and impurities which are generated in the bowels and then absorbed into the blood through the very ducts which should absorb only nourishment to sustain the body.

It is the function of the kidneys to filter impurities from the blood and cast them out in the form of urine, but in many instances the bowels create more toxins and impurities than the kidneys can eliminate; then the blood uses the skin pores as the next best means of getting rid of these impurities, which often break out all over the skin in the form of pimples.

The surest way to clear the skin of these eruptions, says a noted authority, is to get from any pharmacy about four ounces of Jad Salts and take a tablespoonful in a glass of water each morning before breakfast for one week. This will help prevent the formation of toxins in the bowels. It also stimulates the kidneys, thus coaxing them to filter the blood of impurities and clearing the skin of pimples.

Jad Salts is inexpensive, and is made from the acid of grapes and lemon juice, combined with lithia. Here you have a pleasant, effervescent drink which usually helps make pimples disappear.—(Adv.)

Mr. and Mrs. Melton Entertain Monday On The Occasion of His Birthday—Big Dinner, Big Time

Monday at 11:30 Mr. and Mrs. John Melton entertained a few of their friends with a birthday dinner, being Mr. Melton's birthday.

After a few words of greeting the guests were ushered into the dining room where the table was laden with good things to eat, turkey and all the accessories.

All having convinced Mr. Melton they had enjoyed this bountiful repast, the Veterans assembled and went over the jokes and happenings of their boyhood days.

Everyone left thankful for these Veterans of the sixties, wishing them many more gatherings like this, and especially with Mr. and Mrs. Melton.

Those present were Mr. and Mrs. Rado Steele, Mr. and Mrs. J. M. Tidwell, Mr. Jack Yeldell, A. J. Cox, B. W. Collier, Dr. Woodredge, Cary May, G. W. Plunket, N. L. Morrow, D. A. Waller, J. M. Tidwell, mascot.

Mrs. Hosteter Is T. E. L. Hostess

Mrs. Hosteter entertained the T. E. L. Class of the First Baptist church Friday afternoon in the lovely home of Mrs. Wallace on North Sherman street from 3 to 5 o'clock.

After a spicy as well as profitable business meeting presided over by the President, Mrs. Pycall, the class enjoyed a very pleasant social hour. The leading feature was the revealing of the Sunshine Sisters. The party agreed that many rays of sunshine had entered their homes during the last month because of these sunshine friends.

After amusements, the guests were ushered into the dining room where the hostesses served delicious refreshments consisting of tea, cakes, and stuffed dates.

There were forty-five ladies present and all went away with a feeling of gratitude to Mrs. Hostetter and Mrs. Wallace for their lovely entertainment.—Reporter.

DUNNIGAN-WARD

Miss Verna Ward, of Shiloh, and Mr. Lem Dunnigan, of Corsicana, were married Monday at 12 o'clock at the home of Lee Bishop on South McKinney. Justice Osborne Kennedy officiated. The happy couple left on the T. & B. V. for Teague shortly after the ceremony. They will be at home in Corsicana after a brief honeymoon. Mrs. Dunnigan is a daughter of A. J. Ward, of Shiloh, and has a host of friends in her home community who join in extending her and her husband many wishes for success and happiness.

Miss Sallie Welch was among visitors here Monday.

Letters from People

S. S. COURSE

Corsicana, Texas, March 22, 1924.
Editor Mexia News,
Mexia, Texas.

Dear Sir:
There will be a Training School for Sunday School Superintendents, Teachers and others interested in Sunday School work to be held at the First Methodist Church in this city from March 31st to April 5th, from 7 until 9 each evening.

This will permit those in the nearby towns to go and come each evening if they like.

There will be standard course of study taught by expert teacher in the various lines of Sunday School organization and work generally. Laying special stress upon teaching and organization. There will also be a course of very fine lectures by some of the best speakers in the State.

The purpose of the school is to better equip Sunday School workers for more efficient service in their various lines; and it is earnestly desired that as many as possible from the Mexia Sunday School become interested and attend this school.

To this end we are writing to ask if you will kindly give this as wide publicity as possible through your most esteemed paper and urge the Sunday Schools to advertise it also. Thanking you most sincerely for the kindness.

Very truly yours,
A. D. McMichael,
Publicity Secretary.

Heart Broken, This Mother Wants Son Who Was in Mexia

March 21, 1924.

Postmaster,
Mexia, Texas.
Dear Sir:

I am taking the liberty of writing you to ask you if you can give me any news of my son, Kenneth Mather. I sent him a birthday box parcel post to your office, which he received, having received acknowledgement from him. That was a year ago last September. I think his letter regarding the box reached me in October. He said then that he was thinking of leaving Mexia and would let me know his address. I have never heard a word since. If I remember rightly, my letters went first to General Delivery and then to a box. I am writing to you first. No matter if the news is bad it will be better than nothing. This uncertainty is breaking my heart and health. Kindly address all mail to my letter box No. 20, Station H, New York City, N. Y. No matter where I am it will reach me.

Thanking you for any little word you can send me, good or bad will be welcome.

Very truly yours,
Kenneth's Mother,
Mrs. Edith H. Foster.
Box 20, Station H, New York City.
Kenneth is tall, fair complexion, blue eyes, around 28-30 years of age.

Mexia Welcomes New Citizens

B. A. Alston, of Thornton, a member of one of the oldest families of Limestone county, was in Mexia Monday afternoon, making arrangements to move his family here as soon as the school term at his home is ended. Mr. Alston is the owner of a hardwood sawmill at Thornton and contemplates establishing a hardwood lumberyard here shortly. Mr. Alston comes with splendid recommendations from his community and Mexia is glad to welcome him and his family, as the type of citizens who are worthy of their place in any community.

Only 1,618 hours were lost on account of illness by the 7,000 students of Ohio State University during the month of January, 1924. The activities of the student health service in forestalling preventable disease is credited with much of the improvement over past years.

Wayland Moody and Dwight Moody of Tehuacana, were in the city Monday. Wayland Moody is a graduate of the University of Texas and Professor of Modern Languages at Westminster College.

Clarence Rose, of Coolidge, was in the city Monday. Mr. Rose is an employee of the First National Bank at Coolidge.

Man Victim Of Auto Accident

A. J. Ward, of Shiloh, was the victim of an accident Monday afternoon when a large car driven by a lady ran over one of his legs after throwing him to the sidewalk in front of the Chocolate Shoppe. His right ankle is reported to be crushed badly and one hand is injured from striking the pavement violently when he fell. He was crossing the street toward the Chocolate Shoppe at the time of the accident and did not see the car which was at his back. Medical attention was given his injuries immediately, and he was taken to his home at Shiloh soon after the accident.

Colored Woman Injured in Fight

Two negro women engaged in a fight with knives Sunday night in which one of them received injuries sufficient to confine her to the hospital for some time. The negroes were Jesse Brown and Della Owens. The fight occurred in Juarez when the former attacked Della with a long pocket knife cutting a deep gash in the right shoulder, one in the neck and several minor ones about the face. The injured woman was taken to the Mexia General Hospital where her injuries were reported to not be

serious as thought at first. The negro who did the cutting is being held for trial.

"MEXIA PREFERRED"--

If You Live In Mexia----- You're a Stockholder In The City

THE FACT that you live in Mexia—makes you a stockholder in Mexia. This is true whether you own property or pay rent—whether you're in business for yourself or lend your efforts and energies to another business—whether you are active or passive.

What would you think of a stockholder in any business that let his coupons go unclipped—that was vitally enough interested to be a stockholder, and not vitally enough interested to further the cause in every possible way he could.

Yet—that's just the situation—unless you do your best for Mexia—(paradoxically you collect interest by lending interest—and you cannot avoid being a stockholder.)

Therefore it's obvious how much you benefit by giving Mexia your best—how directly your interests are Mexia's—and vice versa.

That most citizens are serving is evidenced by the definite progress Mexia is making. That Mexia will progress that much more rapidly if every citizen will lend his best—so that he may in turn collect greater return—is evident.

So this is our plea for your co-operation—trade at home—boost for Mexia; back up your neighbor, your merchants, and prosper with them. By boosting the "Buy-at-Home" movement you put your community on the map and thereby benefit directly by being a stockholder in your home city.

"YOUR INTERESTS ARE HERE IN MEXIA"

W. B. Jackson To W. E. Doyle

I noticed Judge Doyle's piece about Reuben, going coon hunting with Dr. Martin Stephens. He didn't tell that coon tale just right. It won't do to tell it. Judge Doyle used to love to go wild turkey hunting, but never did kill one as I know of. John Davis called him Turkey Flusher many years ago. He would make so much fuss and would walk with his head down instead of up that the turkeys always saw him before he saw them, and fly. I hunted once with Judge W. E. Doyle. I think it was in the fall of 1906. In the Rio Grande bottoms, turkeys were plentiful but we got no turkeys. I saw wild turkeys flying over the mesquite and cactus, late one afternoon. I wondered what they had seen to get "skeered" and fly so fast. Coming out of a cactus jungle I saw Judge Doyle. He said he flushed them. He would not stop and listen to me, having a head of his own, he went into that awful prickly pear woods till night overtook him. Then he began to holler like a Comanche Indian because those cat claws and cactus were giving him fits, and the wolves were awful sassy and thick. He did not want to lie out that night. I finally went to him, being naturally sorry for him. The turkeys were gone to thunder and the wolves howling in every direction. He wanted to go home to camp with me then. He had rubbed the skin off his heels by wearing high top boots that he thought were rattle snake proof. He came limping along—I could not leave him then. We killed two deer once after the law was out, and Judge Doyle said we had better be careful or they would get us sure. So he took the guts and buried them in a running quick sand branch. Of course as the water ran, guts came to the top and were strung out down that branch a mile and were seen by many. We had no trouble however and got through Fairfield safe with our venison and hides. I got a pan of boiling water once to use to shave, and turned round to get something else when I heard that Comanche yell of his. He had stuck both hands in my pan of hot water. Judge Doyle was Mayor of Mexia, Texas, a long, long time. Sometimes he had trouble. I knew him to throw an ink bottle at a fellow once but he missed him like he always did wild turkeys.

No truer friend ever lived than my good friend W. E. Doyle. I would love to walk again with him down a

long Cinderella and see the turkey tracks in the mud. He camped once with Davis and my brother Douglas and told them that dogs drew lightning in the tax—wet dogs—this so?

Judge Doyle loves the wilds, is one reason I love him. I never was lonely in the woods. The trees and birds are company to me. We both love the Red bird for we have heard him whistle for day many times when out in the forest listening for an old gobbler to gobble.

Sam Fife caught me sitting on a log crying because I could not find any sign. I guess Judge Doyle and I will have to take up going to baseball or spend our spare time fishing now, for game is getting scarce.

Doctor Jackson knows I know many things on him, it won't do to tell. I also know some things on my friend W. E. Doyle that never was put in print, but if all men were like W. E. Doyle and Dr. R. B. Jackson, we could tear all the jail houses down.

W. B. JACKSON.

PURE WATER

Even a novice knows that radiators, piping, jackets, etc., are injured and made inefficient through incrustations resulting from mineral substances inherent in all of nature's aqua pura products, save, perhaps, rain water. The only safe thing to use therefore is distilled water. This is not always obtainable, but few indeed are the places nowadays where artificial ice cannot be found. That's the answer; melt the ice and you have the purest water.

New Treatment for Swollen Glands

People who have enlarged glands ought to know that by freely applying Emerald Oil daily the gland can be brought to a head and all the germs and poisonous secretions discharged and destroyed.

Furthermore the opening will heal surely and speedily and without leaving an unsightly scar. People who desire this treatment should secure a two ounce original bottle of Emerald Oil (full strength) and use as directed. It is a very concentrated preparation and a small quantity lasts a long time. It is also used to reduce swollen veins and dissolves goitre. (Adv.)

Game Warden Gives Sportsmen Warning

J. Earl Smith, Deputy State Game Warden, was in the city Monday. Mr. Smith stated that for the benefit of sportsmen who are ignorant of the game laws, he wished to say that the killing of field larks at any time during the year is prohibited and subject to heavy fines. Quail and dove are also protected except for the months of December and January. He stated that though the deer season is closed many sportsmen seemed to be entirely ignorant of the fact.

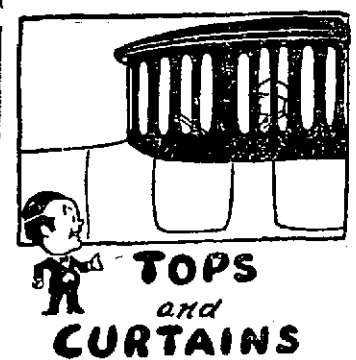

As for fish he stated that at the present time and up until May the first, the catching of any game fish is forbidden. At present it is illegal to take them in any fashion and after the first of May no nets of smaller than three inch mesh can be used. After that date also no bass under eleven inches or no crappie (white perch) under 7 inches may be caught. Mr. Smith said that he wished to warn all sportsmen and to inform them of the law in order that they may avoid trouble in the future, and for that reason was giving out this information now as the fishing spirit is beginning to get hold of sport lovers with the coming of spring.

About 1,000 additional certified teachers are required in New Zealand schools, and the Education Department proposes to bring a number of teachers who are now out of employment in England and Scotland to fill positions in the country schools.

**WOMEN STUDENTS
INSTRUCTED IN FIRST AID**

AUSTIN, Texas, March 25.—In order to prepare women students of the University of Texas for intelligent care of the sick in the home and to instruct them in the care of babies and young children, a course in first-aid and home nursing will be conducted during the spring term by Miss L. Jane Duffy, head of the department of public health nursing. Nine students have already enrolled, and it is expected that many more girls will sign up for the course, which is open to all women of sophomore standing. Laboratory equipment for the course includes hospital beds and linen, bandages, medicines, thermometers, and other apparatus for demonstration.

GEOLOGY SUMMER CAMPS WILL BE HELD MASON CO.

AUSTIN, Texas, March 25.—The geology summer camp of the University of Texas will be held this year in Mason county, about 125 miles from Austin, and on the western edge of the central mineral region. About 15 students and members of geology faculty will make the trip. The party will remain camped both-terms of the summer school, and the students will receive degree credit for the work done.

Seventy-seven traveling teachers are employed in Cuba to give instruction in 187 centers in sparsely populated districts. They instruct 3,639 children.

DON'T DO THIS.

Any driver who stops his car on a curve or who attempts to pass another car there indulges in one of the most reprehensible practices of the unthinking road user. To those guilty of doing this when not driven to it by necessity no ordinary punishment can be considered as being too drastic.

MANY GOOD RECORDS MADE BY MARKSMEN IN ANNUAL SHOOT OF MEXIA GUN CLUB

The First Anniversary Shoot of the Mexia Gun Club last Friday at the old aviation grounds was probably the most important event in the life of the club. The shoot which consisted of five events lasted from 10 o'clock in the morning until late in the afternoon and was marked by the large number of visitors present from out of town and the eagerness and closeness with which the several events were contested by numbers of crack shots. The list of prize winners as published in the Mexia Daily News for Sunday were as follows:

Jack Kelly, first; L. D. Morrow, second; M. W. Anderson, third; Moore fourth; Moore, fifth; R. L. Wiley, sixth; O. G. Wiley, seventh; Fred Klotz, eighth; R. L. Wiley, ninth; Wright, tenth; McClanahan, eleventh; O'Neil, twelfth; Withrow, thirteenth; Blanchard, fourteenth.

In the quail shoot, S. R. Partlow won first place, and L. D. Morrow, second.

In the quail shoot, S. R. Partlow Anderson, won first, Mrs. Louis Anderson, second, Mrs. G. W. Hopson, third and Mrs. Louis Anderson, fourth.

Throughout the entire day a spirit of friendly rivalry was noted among the scores of contestants and many times the race between the sportsmen was close and spirited. Some of the best shooting ever seen at trap or other shooting events was witnessed at the shoot. Out of 150 targets many of the sportsmen broke to within 20 of the whole number and very few fell below the 100 mark.

The following is a list of those taking part in the events and the number of targets broken by each person taking part in the trap and quail shoots:

Reason So Many 'Pimple Cures' Fail

Salves and lotions come and go, one after the other, hoping to hit the right thing which might cause them to get results for people who suffer from skin troubles. Most of these concoctions don't even heal the outward effects, much less take away the cause of the disease.

Do you think so little of your delicate skin as to allow yourself to become the subject for these experiments? By all means use only the thing which has stood the test of time and public opinion. Black and White Ointment has not only stood this test, but you are sure of it—when you know that it is selling at the tremendous rate of nearly two million packages a year.

The way it is economically priced, in liberal packages, has helped to make it so popular, along with its dependability. The 50c size contains three times as much as the 25c size. All dealers have it.—(Adv.)

Safe Fat Reduction

Reduce, reduce, reduce, is the slogan of all fat people. Get thin, be slim, is the cry of fashion and society. And the overfat wring their hands in mortification and helplessness; revolting at nauseating drugs, afraid of violent exercise, dreading the unbecoming and unsatisfying diet, until they sit upon the harmless Marmola Prescription and learn through it that they may safely reduce steadily and easily without one change in their mode of life, but harmlessly, secretly, and quickly reaching their ideal of figure, with a smoother skin, better appetite and health than they have ever known. And now comes Marmola Prescription Tablets from the same famous formula as the Marmola Prescription. It behooves you to learn the satisfactory, beneficial effects of this great, safe, fat reducer by giving to your druggist one dollar for a box, or sending a like amount to the Marmola Company, 4612 Woodward Avenue, Detroit, Mich., with a request that they mail to you a box of Marmola Prescription Tablets.—(Adv.)

We Build This Car To Please Men

Frankly, the Oldsmobile Six Cab was built for doctors, salesmen, and those who need a car daily in business. Such a car should be storm-and-cold-proof, six-cylindrical for flexibility, irreproachable in appearance, reliable, and of a size insuring easy handling, easy parking, and low maintenance cost. The Cab is that kind of a car—that's why business men are buying it.

If you need a high-grade "personal car," the Cab—joint product of Oldsmobile and General Motors—will please you.
